

12 HEALTH & SAFETY E'LEARNING COURSES

COMPLETE ALL 12 COURSES & RECEIVE YOUR HASMAN CERTIFICATE

The OHSA obliges Employers to provide Health & Safety Information, Instructions & Training to their employees. Traditionally learning takes place through lectures, practical engagements, hands-on experience and supervised mentoring. Circumstances have opened the door to e'Learning, which reduces learner's exposure to COVID-19.

BENEFITS OF E'LEARNING

- Cover a wider range of topics
- Enter the virtual classroom anywhere, any time
- Keeps learner's mind engaged
- New knowledge and perspectives
- No need to take time out from work
- Reduced environmental impact
- Resource reduction to acquire knowledge
- Standardised learning methodology
- Work through material at own pace

Relevant Course Content

- 12 **Non-credit bearing** courses to choose from
- Can form part of a career development path
- Moderated, quality course content
- Participants all get the same knowledge
- Select relevant risk-specific legal compliance courses

Administration and Proof of Compliance

- "Certificate of Attendance" validates completion
- Download Learner Guide
- Minimal supervision required
- Our LMS controls pace of learning and tracks progress
- Reduce internal support

Cost-Effective Methodology

- Focus on your core business or activities
- Eliminate venue and catering costs
- Learners provide the technology
- Save time and money on travel and accommodation

FEB SPECIAL - R550.00 per person, per course, including certificate

Book online or email the completed form to didi@show.co.za or WhatsApp it to +27 711129521
